

Paxotin™ Probiotic

NHRIC: 59088-012-54

DERMACINRx

Description:

Paxotin™ is based on the probiotic strain *Lactiplantibacillus plantarum* 299v (LP299V®), the most clinically documented *L. plantarum* strain in the world. LP299V® has been and continues to be researched in many different health areas, but primarily for gastrointestinal effects. The clinically documented dose is 10 billion Colony Forming Units (CFU) per day.

Unit Detail:

30 Capsules per bottle

Dosage:

1 capsule daily or as prescribed by a licensed healthcare practitioner.

See reverse for complete prescribing information

Supplement Facts		
Serving Size:		1 Capsule
Servings Per Container:		30
Amount Per Serving:		%DV
Proprietary Blend	10 billion CFU	*
Lactobacillus Plantarum 299v	(Colony Forming Unit)	
* Daily Value (DV) not established		

Other Ingredients: Freeze Dried Microbial Cultures, Microcrystalline Cellulose, Capsule Shell (Hydroxypropyl Methylcellulose), Silicon Dioxide, Magnesium Stearate.

Indications and Usage: Paxotin™ is an orally administered probiotic blend used for the management of gastrointestinal effects in patients where maintaining a healthy gut microbiome is essential for overall digestive health and well-being.

IRRITABLE BOWEL SYNDROME (IBS)

Use of LP299V® resulted in decreased flatulence, decreased abdominal pain, improved overall gastrointestinal function, and normalization of stool frequency.†

CLOSTRIDIODES DIFFICILE INFECTION (CDI)

Significantly lower incidence of recurrent CDI was observed in the active treatment group. The supplementation of LP299V® supported the production of short-chain fatty acids (SCFA) (while SCFA levels were decreased in placebo group). In one study, after the administration of LP299V® ceased, the incidence of CDI rose.††

ANTIBIOTIC ASSOCIATED DIARRHEA (AAD)

The use of antibiotics together with LP299V® resulted in significantly decreased occurrence of loose/watery stools and nausea in the active group.†††

Warnings: This product is contraindicated in patients with a known hypersensitivity to any of the ingredients.

Store at 20° to 25°C (68° to 77°F). [see USP Controlled Room Temperature] Keep in a cool dry place.

Do not use if bottle seal is broken.

KEEP THIS AND ALL MEDICATIONS OUT OF THE REACH OF CHILDREN.

If a patient experiences any side effects call your doctor. To report side effects, call **PureTek Corporation** at **1-877-921-7873**.
